1. SAFETY POLICY

Having assessed the context in which it operates through a risk and opportunity assessment approach, the organization has always been committed to ensuring that all activities are carried out in **full compliance** with **worker safety** principles and that all available resources are **compliant** with **health and safety requirements**.

The results achieved over the years have led to the **improvement of the working environment**, as well as the **orderliness** and **cleanliness of the workplace**.

The attention paid by the company to these aspects ensures that all personnel constantly contribute to the **maintenance of the current level of safety and quality achieved**.

Objectives

Makeitalia has established the following objectives:

- **to comply with applicable legislation** regarding occupational health and safety;
- to maintain a **continuous commitment** to the **prevention** of accidents and occupational diseases;
- to pursue **continuous improvement** in the management and performance of its Safety Management System;
- to respond **promptly** and **effectively** to emergency situations or potential hazards;
- to **raise awareness** of safety issues among both internal employees and external stakeholders.

Commitments

In order to achieve these safety objectives, Makeitalia is committed to:

• maintaining and implementing **regular and planned maintenance** of the entire Occupational Health and Safety Management System;
• continuously monitoring and collecting all useful information for the **protection of workers and the working environment**;
• **training** its employees on health and safety matters according to the activities they perform;
• **communicating** to interested parties all safety-related information necessary for the activities to be carried out;
• implementing and maintaining its own safety management system that fully complies with the **requirements of the ISO 45001 standard**.

This policy is intended to be communicated and disseminated to all interested parties and, in particular, to **involve employees**, ensuring that they are **fully aware of the commitment that Makeitalia places on worker health and safety**.
